

NAVAL ARCHITECT - Southampton

A design consultancy focusing on complex vessels is looking for a Naval Architect with small craft experience.

NAVAL ARCHITECT - Bristol

An innovative systems and engineering technology consultancy is looking for a degree-qualified Naval Architect or Marine Engineer to join their team in Bristol.

SENIOR NAVAL ARCHITECT - Surrey/London

Our client is looking for someone from an offshore structures/installations background. They must have experience in hydrodynamics and mooring analysis, ideally confident with Orcaflex.

The Naval Architecture Team
